Roam Supply Carts

Smart design. Flexible design. Durable design.

InnerSpace

Roam's efficient exterior footprint and next-to-no wasted interior space result in more storage capacity per square inch. Roam will perform day in and day out and look good doing it.

Products shown, left to right: Roam 2 cart with accessories (SR2G), Roam 2 counter-height cart with accessories (SR2CG), Roam 1 counter-height general storage cart (SR1CGGS), Roam 3 GI staple cart (SR3RGI)

Needle Nest
Ensemble d'aiguilles
Nido de agujeros
REF DYNJNDLNEST

Roam 1 counter-height cart
General storage cart configuration includes 1 single-compartment shelf, 2 shelf dividers, 1 6"h basket, 1 9"h basket, and label holders (SR1CGGS)

Roam 2 counter-height cart
General storage cart configuration includes 1 single-compartment shelf, 2 shelf dividers, 1 6"h basket, 1 9"h basket, 4 6"h trays with dividers, 1 9"h tray with dividers, and label holders (SR2CGGS)

Smart design

The design of the FlexCell system and its interior components maximize Roam's storage capacity, whether you are outfitting a counter-height or full-height cart with one, two, three, or four compartments.

Glass doors are designed with a position hinge that holds the door open to exactly where you want it to be. A magnetic catch securely closes and keeps the door from opening in transit.

The roll-top door track is located on the outside of the cart, so interior storage space is not compromised.

Roam 1 cart
General storage cart configuration includes 1 single-compartment shelf, 2 shelf dividers, 2 3"h trays with dividers, 3 6"h trays with dividers, 2 6"h baskets, 1 9"h basket, 1 9"h tray with dividers, and label holders (SR1CRGS)

Roam 2 cart
ENT/Neuro cart configuration includes 4 single column shelves, 8 shelf dividers, 4 3"h trays with dividers, 6 6"h trays with dividers, 2 6"h baskets, 2 9"h baskets, and label holders (SR2GNU)

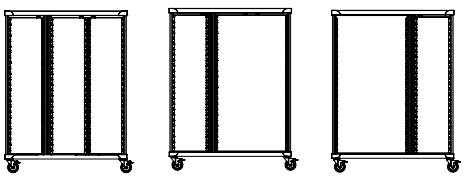
Durable design

Roam takes the wear and tear that mobile supply carts get. A metal top and base add stability to the case. Plastic ABS interior components won't wear down FlexCell tracks, even with frequent pulling out and pushing in of baskets and trays.

Two roll-top doors on our Roam 3 and Roam 4 make it easier to operate and also eliminate damage common with wider single roll-top doors. Both roll-top and hinged doors operate smoothly.

Even our widest Roam carts are still mobile carts, and they need to be manageable and durable. An aluminum composite frame aids maneuverability, and soft bumpers protect carts, walls, and doors against damage.

Roam 3 cart
Boxed catheter and general storage cart configuration includes 2 single-compartment shelves, 2 6"h trays with dividers, 1 9"h tray with dividers, 2 9"h baskets, 1 double-compartment shelf, 9 shelf dividers, 1 boxed catheter module, and label holders (SR3RBG)



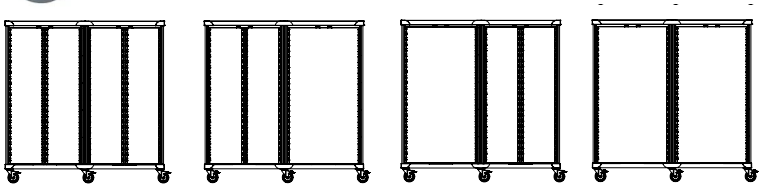
Compartment configurations

Flexible design

The FlexCell design and interior components create a modular system that can be configured and reconfigured as your needs and supplies change. Center columns can be retrofit to carts.

Trays and baskets in several sizes accommodate a variety of supplies.

Roam 4 cart
General storage cart configuration includes 8 single-compartment shelves, 16 shelf dividers, 4 3"h trays with dividers, 16 6"h trays with dividers, 4 6"h baskets, and 4 9"h baskets (SR4GGS)



Compartment configurations

Clean design

Supply carts must be highly functional, but that doesn't mean they can't look good. Concealed hinges and a flush door design add up to a better aesthetic.

Nonporous surfaces, tight seams, and few exposed fasteners support infection prevention goals and reduce dust and dirt traps.

The FlexCell system and interior components are designed for ease of cleaning. Carts and components can be cleaned with agents commonly used in hospitals. Aluminum composite surfaces won't rust or scratch.

Concealed hinge design

Roll-top and hinged doors can be replaced

Lightweight aluminum composite construction

Easy-grip aluminum push/pull handle

FlexCell design minimizes space between components for maximum storage capacity

5" lockable medical-grade casters

Product shown: Roam 2 cart with center column and accessories (SR2G)

Position hinge keeps door open to the position user places it

Keyed and InterConnect lock options; no lock is standard

Exterior side-mounted accessories add flexibility to Roam carts

Reliable, secure, and user-friendly InterConnect lock system

The InterConnect lock option offers an OLED screen that can be read clearly at wider viewing angles. The keypad is designed for easy input, even when users are gloved. Keypad locks are standard but can be upgraded to proximity locks.

Link InterConnect with the InnerSpace Cloud platform, and the lock becomes a WiFi-enabled lock system that lets you manage the security of your cart fleet from a single computer.

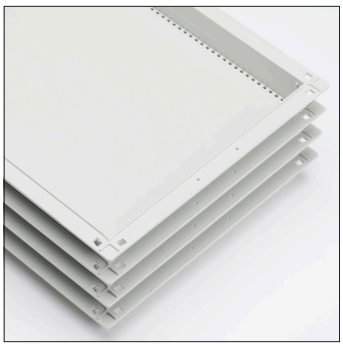
Easy-to-clean aluminum slat wall holds a variety of accessories and is available on all Roam carts.

Product shown: Roam 2 LAP cart (SR2RLAP)

Maximum Versatility

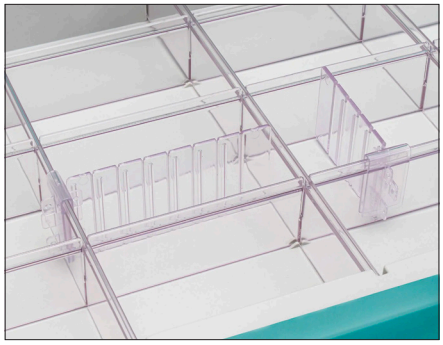
Maximize interior storage with FlexCell and its modular system of trays, baskets, and dividers.

3”-, 6”-, and 9”-high trays let you match the size of supplies to the size of the tray and reduce unused vertical space.



Stackable trays make transporting restocked trays efficient.

Labels clip on trays and baskets help organize restocking and reduce time wasted searching for supplies.



Dividers are adjustable and removable so you can organize and reorganize tray contents. Clips keep dividers securely in place.

6"- and 9"-high clear baskets help you identify contents quickly. Perforated bottoms prevent dust build up.

Powder-coated standard metal shelf spans one compartment and holds up to three cath managers; multipurpose shelf comes in a single-compartment shelf that holds up to three cath managers and a double-compartment shelf that holds up to seven managers cues.

9-hook cath managers mount on multipurpose shelves. Each hook holds 10 to 15 catheter packages. Includes product labeling. (S9CM)

Side-mounted rail is available on standard and counter-height carts.

Product shown: Roam 2 long and short catheter cart with optional embolectomy rack (SR2GLSC))

Maximum Functionality

Customize your Roam cart with an offering of accessories mounted to the cart's exterior.

Pull-out suture modules include shelves and dividers designed to hold and access suture boxes and other small supplies. Each shelf holds 8 2.25"deep suture boxes for a total of 48. (SPSM)

Full-height carts are available with sloped tops. All carts are available in Brushed Aluminum laminate.

Roam Product Line

Two heights, four widths, and a straightforward kit of components and procedure-specific accessories let you create exactly the cart you need.

Roam 1 counter-height cart
The Roam 1 counter-height cart has a glass door that can be hinged on the right or left side. The cart features a metal work surface.

Exterior dimensions:
23.5"w x 28.75"d x 44.25"h
Weight: 95 lbs
Product Number: SR1CGL, SR1CGR

Roam 2 counter-height cart
The Roam 2 counter-height cart has two lockable tempered glass doors. The cart can be ordered with or without a center column.

Exterior dimensions:
40.75"w x 28.75"d x 44.25"h
Weight: 145 lbs*
Product Number: SR2CG, SR2CGNC

Roam 1 cart
The Roam 1 cart comes with one lockable counterbalanced roll-top door or one lockable tempered glass door that can be hinged on the right or left side. A 5" sloped top is also available on carts with glass doors.
Exterior dimensions:
21.75"w x 28.75"d x 75.25"h (glass door)
21.75"w x 28.75"d x 81"h (roll-top door)
Weight: 120 lbs
Product Number: SR1GR, SR1GL (glass door)
SR1R (roll-top door)

Roam 2 cart
The Roam 2 cart has one lockable counterbalanced roll-top door or two lockable tempered glass doors. The cart can be ordered with or without a center column.

Exterior dimensions:
39"w x 28.75"d x 75.25"h (glass doors)
39"w x 28.75"d x 81"h (roll-top door)
Weight: 193 lbs*
Product Number:
SR2G, SR2GNC (glass doors)
SR2R, SR2RNC (roll-top door)

Roam 3 cart
The Roam 3 cart has two lockable counterbalanced roll-top doors or a single and double set of lockable tempered glass doors. The cart can be ordered with a single compartment on the left and two center columns, with a right center column, or with a left center column.

Exterior dimensions:
58.75"w x 28.75"d x 75.25"h (glass doors)
58.75"w x 28.75"d x 81"h (roll-top doors)
Weight:
293 lbs (glass doors)*
288 lbs (roll-top doors)*
Product Number:
SR3G, SR3GCR, SR3GCL (glass doors)
SR3R, SR3RCR, SR3RCL (roll-top doors)

Roam 4 cart
The Roam 4 cart has two lockable counterbalanced roll-top doors or two sets of lockable tempered glass doors. The cart can be ordered with three center columns, two center columns on the right side, two center columns on the left side, or one center column.

Exterior dimensions:
76"w x 28.75"d x 75.25"h (glass doors)
76"w x 28.75"d x 81"h (roll-top doors)
Weight:
376 lbs (glass doors)*
371 lbs (roll-top doors)*
Product Number:
SR4G, SR4GNC, SR4GCR, SR4GCL (glass doors)
SR4R, SR4RNC, SR4RCR, SR4RCL (roll-top doors)

Soft White | Bisque | Yellow | Red | Royal | Brushed Aluminum | Laminate

Soft White is the standard paint finish on Roam carts. Five additional paint colors and a wide range of laminates are available.

*Weights shown are for carts with center columns. Counter-height center column is 10 lbs; full-height center column is 23 lbs.

Preconfigured Carts

Here is a sampling of Roam carts preconfigured to address the specific storage needs of departments throughout a healthcare facility.

Cath Labs and Radiology Departments

Roam 2 Diagnostic Catheter Cart

Includes 1 double-compartment shelf, 5 shelf dividers, and 7 9-hook cath managers. Glass (SR2GCC) or roll-top (SR2RCC) door

Roam 2 Boxed Catheter Cart

Includes 1 double-compartment shelf, 5 shelf dividers, and a pull-out module with adjustable dividers to hold catheter boxes. Pull-out module is divided to prevent tipping. Glass (SR2GBC) or roll-top door (SR2RBC)

Roam 3 Catheter Cart

Includes 1 single-compartment shelf, 1 double-compartment shelf, 7 shelf dividers, and 10 9-hook cath managers. Glass (SR3GCC) or roll-top (SR3RCC) doors

Roam 3 3-Cue Catheter and Supply Cart

Includes 4 single-compartment shelves, 8 shelf dividers, 3 9-hook cath managers, 6 6"h trays with dividers, 4 9"h trays with dividers, 2 9"h baskets, and label holders. Glass (SR3G3CG) or roll-top (SR3R3CG) doors

Surgery Departments

Roam 2 Laproscopy Cart

Includes 4 single-compartment shelves, 8 shelf dividers, 8 6"h trays with dividers, 2 9"h baskets, and label holders. Shown in brushed aluminum. Glass (SR2GLAP) or roll-top (SR2RLAP) door

Roam 2 Open Heart Cart

Includes 3 single-compartment shelves, 6 shelf dividers, 1 3"h tray with dividers, 4 6"h trays with dividers, 1 9"h tray with dividers, 2 6"h baskets, 1 9"h basket, 1 pull-out suture module, and label holders. Glass (SR2GOH) or roll-top (SR2ROH) door

Roam 3 Vascular Cart

Includes 6 single-compartment shelves, 12 shelf dividers, 2 3"h trays with dividers, 8 6"h trays with dividers, 4 9"h trays with dividers, 1 pull-out suture module, and label holders. Glass (SR3GVS) or roll-top (SR3RVS) doors

Roam 3 Cysto Cart

Includes 7 single-compartment shelves, 14 shelf dividers, 3 9-hook cath managers, 1 3"h tray with dividers, 8 6"h trays with dividers, 3 9"h trays with dividers, and label holders. Glass (SR3GCY) or roll-top (SR3RCY) doors

General Storage Areas

Roam 1 General Storage
Includes 1 single-compartment shelf, 2 shelf dividers, 2 3"h trays with dividers, 3 6"h trays with dividers, 2 6"h baskets, 1 9"h basket, 1 9"h tray with dividers, and label holders. Glass (SR1GRGS, SR1GLGS) or roll-top (SR1RGS) door

Roam 2 Cart with 5 Shelves
Includes 5 shelves with 5 dividers each (25 total). Glass (SR2GDS) or roll-top (SR2RDS) door

Roam 2 Endovascular Cart
Includes 3 single-compartment shelves, 4 shelf dividers, 3 9-hook cath managers, 3 6"h trays with dividers, 3 9"h baskets, and label holders. Glass (SR2GEND) or roll-top (SR2REND) door

Roam 2 Cysto Cart
Includes 5 single-compartment shelves, 3 9-hook cath managers, 8 shelf dividers, 2 6"h baskets, 1 9"h basket, 1 9"h tray with dividers, and label holders. Glass (SR2GCY) or roll-top (SR2RCY) door

Roam 3 7-Cue Catheter and Supply Cart
Includes 1 single-compartment shelf, 1 double-compartment shelf, 2 shelf dividers, 7 9-hook cath managers, 5 6"h trays with dividers, 1 9"h tray with dividers, 1 6"h basket, 1 9"h basket, and label holders. Glass (SR3G7CG) or roll-top (SR3R7CG) doors

Roam 3 Pack/Drape Cart
Includes 4 single-compartment shelves and 4 double-compartment shelves. Glass (SR3GPD) or roll-top (SR3RPD) doors

Roam 3 Ortho/Cast Cart
Includes 6 single-compartment shelves, 12 shelf dividers, 4 6"h baskets, 2 3"h trays with dividers, 6 6"h trays with dividers, 2 9"h trays with dividers, 2 9"h baskets, and label holders. Glass (SR3GOC) or roll-top (SR3ROC) doors

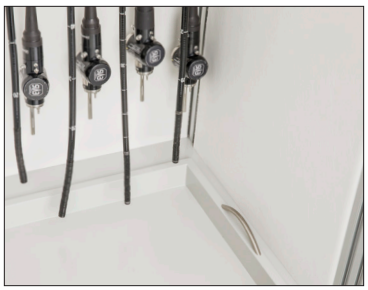
Roam 4 General Storage Cart
Includes 8 single-compartment shelves, 16 shelf dividers, 4 3"h trays with dividers, 16 6"h trays with dividers, 4 6"h baskets, and 4 9"h baskets. Glass (SR4GGS) or roll-top (SR4RGS) doors

Specialty Carts

In addition to our standard Roam offering, we offer two specialty carts that address unique procedure-specific equipment and supplies.

Scope Manager

Cord Retainer



Drip Tray

Roam 2 Scope Cart

Holds 8 endoscopes up to 60" in length. The cart has lockable tempered glass doors, cushioned back panel to protect scope optics, ventilated bottom, and removable drip tray. Scope managers and cord retainers keep contents organized and elevated off the cart floor. Scope cart does not accept colonoscopes.

Exterior Dimensions:
28.75"d x 39"w x 75.25"h, 200 lbs (SR2GS)

Roam 2 Long Catheter Cart
Cart is 80.5" high to accommodate catheters up to 64" in length. Comes with 7 9-hook cath managers permanently mounted to the top of the cart. Cath managers can be adjusted horizontally.

Exterior Dimensions: 28.75"d x 39"w x 80.5"h, 215 lbs (SR2GC)

InnerSpace specializes in solutions for all areas and departments within a healthcare facility.

We offer carts, cabinets, open storage, and accessories for supply storage, products with embedded technology for improved efficiency and security, and the Ventaire™ Endoscopy System for the storage, drying, transport, and reprocessing of endoscopes.

InnerSpace is here to help you specify the best products for your needs, whether a standard option or customized solution. We offer complimentary storage analysis and design services. Contact our Customer Service team with your requests or to connect with a sales representative, and find InnerSpace products on GSA Advantage, Premier, and Vizient contracts.
